NEWSLETTER - SUMMER UPDATE 2019

Dear Friends in Christ,

Praise the Lord for His many blessings that we daily enjoy! Our summer (April - May) has come and gone and we kept a busy and beneficial schedule of activities designed to evangelize and disciple our youth and young adults during this brief 2 month window we have each year.

VBS #1 - On our property we had around 190 children for 3 hours each day for the week with many praying for the Lord to save them. About 30 of our church family were the workers!

Jr. Camp - About 80 of the older VBS kids stay all day and night for games, food and preaching - we thank the Lord for quite a few of these who prayed for salvation.

VBS #2 - As an outreach to a small isolated community on a beach peninsula an hour away we held a 3 day VBS and around 120 kids showed up (with no advanced promotion). Again, we thank the Lord for those who trusted in Christ.

Teen Camp - Over 20 youth got to enjoy a week of good food, fun games and lots of preaching and teaching from God's Word. One young lady was saved and several were drawn closer to the Lord.

Island Outreach - We took about 15 of our young adults to 2 small islands off the nearby coast (2 consecutive days) which have no Bible believing churches and conducted Bible Clubs for children as well as witnessing to adults and tract distribution. With lots of one on one counseling we saw several people come to Christ!

Tract Distribution - We have given out many hundreds of tracts along with personal witnessing this summer here in Manaoag and in the nearby mountain city of Baguio where thousands come during the summer to escape the lowland heat. We trust God's Word will speak to each of them.

Music Camp - More than 20 attended this year's camp taught by two very skilled ladies in piano, violin and voice.

We praise the Lord for these opportunities to reach out and teach the lost about sin, righteousness, judgment and God's command to repent and trust the Lord Jesus! May He bring forth fruit unto His glory! Please pray that we will continue to boldly reach out to those who need to hear.
